Tropical Breeze Scented Odor Eliminator, Deodorizer, and Cleaning Additive

OdorMate Tropical Breeze is a general purpose odor eliminator, deodorizer, and cleaning additive designed for use on carpet, upholstery, and laundry. It also works extremely well in general space deodorizing.

OdorMate contains odor encapsulating ingredients that eliminate the odor, not just mask it. Ideal for eliminating tobacco and cannabis smoke odors.

- The versatility of OdorMate Tropical Breeze allows it to be effectively used as a direct spray pairing agent heavy duty deodorizer; it can be added to most any cleaning solution; and can be applied through a wet fogging machine.
- Utilizing OdorMate Tropical Breeze will leave any carpet or room smelling clean and refreshed, but it is also powerful enough to counteract severe malodors.
- OdorMate Tropical Breeze is the ideal professional strength odor eliminator for cooking odors, body odors, and general odors.

Directions:

For application as a general purpose deodorizer:

1. Always pre-test all cleaning solutions in an inconspicuous area for colorfastness prior to application.
2. Mix four ounces of solution with one gallon of water (1:32) into a sprayer. For heavy duty malodors, mix 32 ounces of solution with four parts water (1:4) into a sprayer
3. Saturate spray solution onto contaminated area.

For application as a cleaning additive:

1. Always pre-test all cleaning solutions in an inconspicuous area for colorfastness prior to application.
2. Mix two ounces of solution with one pre-mixed gallon of cleaning solution (prespray or extraction detergent solution) (1:64)

For use as a wet fogging solution:

1. Always pre-test all cleaning solutions in an inconspicuous area for colorfastness prior to application.
2. Mix 32 ounces of solution with one gallon of water (1:34) into your fogger.
3. Apply according to fogger manufacturer directions

Available in: 1 Gallon; Case of 4 x 1 Gallon
Part # 950-200
